100 AI Prompts for Startups

Copy-paste prompts to move faster on every part of your launch.

Part of the free Founder Launch Pack — yours to keep, share, and act on. No strings, no lead farming.

Idea & Validation

1. Act as a startup advisor. Here's my idea: [idea]. List the 5 riskiest assumptions I should test first.
2. Give me 10 customer-interview questions to validate demand for [idea] without leading the witness.
3. What are 5 existing competitors to [idea], and how is each one weak?
4. Summarise the top 5 complaints customers have about [competitor] from public reviews.
5. Help me write a one-sentence value proposition for [idea] aimed at [audience].
6. What are 3 cheaper, faster ways to test [idea] before building it?
7. Poke holes in this business idea like a skeptical investor: [idea].
8. Suggest 5 niche customer segments for [idea] ranked by how underserved they are.
9. Draft a simple landing page outline to validate [idea].
10. What signals would tell me [idea] is worth pursuing vs dropping?

Naming & Branding

11. Generate 20 short, brandable startup names for [idea]. Avoid hyphens and numbers.
12. For each name, suggest whether it works better as a .com, .io or .ai and why.
13. Give me 10 taglines for [brand] that are under 6 words.
14. Suggest a brand personality and tone of voice for [brand] targeting [audience].
15. Propose a simple two-colour palette and a font pairing for [brand].
16. Write an 'about us' paragraph for [brand] in a warm, founder-led voice.
17. Check whether these names sound similar to existing big brands: [names].
18. Turn [brand] into a memorable elevator pitch in 2 sentences.

Website & Copy

19. Write homepage hero copy for [brand]: headline, subhead, and two CTAs.
20. Draft 5 benefit-led bullet points for [product].
21. Write an FAQ section (8 Q&As;) for [product] addressing common objections.
22. Write 3 testimonial templates I can adapt once I have customers.
23. Draft a clear pricing page with 3 tiers for [product].
24. Rewrite this paragraph to be punchier and benefit-focused: [paragraph].
25. Write meta title and description for SEO for my [page] page.
26. Create a simple 5-email welcome sequence for new sign-ups.

Marketing & Launch

27. Write a launch-day announcement post for [brand] for LinkedIn and X.
28. Give me a 7-day pre-launch content plan to build a waitlist.
29. Suggest 10 places online where my target customers [audience] hang out.

- 30. Draft a cold outreach message to [type of person] that doesn't feel spammy.
- 31. Create 10 short-form video hooks about [topic].
- 32. Write a Product Hunt launch tagline and first comment for [product].
- 33. Suggest 5 partnership or collaboration ideas for [brand].
- 34. Draft a referral offer that encourages early users to share.

Operations & Finance

- 35. Explain the basic tax obligations for a [structure] in [country] in plain English.
- 36. List the documents I need to open a business bank account in [country].
- 37. Suggest a simple monthly bookkeeping routine for a solo founder.
- 38. Create a simple cash-flow template explanation for a new business.
- 39. What business expenses are commonly tax-deductible for an online business?
- 40. Draft a simple contractor agreement outline (not legal advice).
- 41. Help me set 3 realistic 90-day goals for my new business.
- 42. Build a simple weekly founder routine that balances build, sell and learn.

...and the best prompt of all: open the Igotdomain assistant and let it walk you through your launch step by step — free.
